

THRUSH
A I R C R A F T

510P

TRIED AND TRUE IS AN UNDERSTATEMENT. THE LEGENDARY **THRUSH 510P**.

Powered by a renowned Pratt & Whitney turbine engine, this light and nimble aircraft is flat rated to 750 shp. With a stunning mix of power and performance, it delivers the kind of maximum loads and superior spray patterns that can make every ag pilot more productive and profitable. Now add to that our solid 510 airframe and it's easy to see why the 510P has built itself an unmatched track record for tough dependability, aerial precision, and low maintenance. It's little wonder this aircraft offers a great value for your budget, and holds its value throughout its life. And when total cost per acre is the metric, there's simply no better aircraft to own.

The Thrush 510P. A legend. Made better.
